Selecting 500 Countians For Roles In Sesqui Pageant; To Begin Rehearsals Wednesday

With casting arrangements tentatively made for approximately 90 per cent of the cast of nearly 500 that will present "Freedom's Frontiers" in the Adams County Sesquicentennial celebration, rehearsals for the historical spectacle will get underway Wednesday morning.

That announcement was made Monday evening by Fred G. Pfeffer, chairman of the historical spectacle division, following a meeting of his county-wide talent committee with John Sherwood Clubley, pageant master from the John B. Rogers company, and Mrs. Luther Wisler, local talent committee chairman.

The pageant will be presented on the college athletic field August 30 through September 2 as a highlight of the Sesqui celebration.

Assign Episodes
The first rehearsal Wednesday morning will be held in the Gettysburg college gymnasium and the rehearsal sessions will continue on a regular schedule until Sesqui week.

Fifty-eight Arendtville residents will be cast in an Indian scene and 38 from Fairfield will appear in a pioneer episode. Early schools will be depicted in a part of the pageant in which 17 East Berlin residents will take part. Forty-four Littlestown men and women will be cast in a scene depicting the hoop skirt era and the "Gay Nineties" will be presented by 44 Biglerville citizens. A stage coach episode will be handled by 18 New Oxford residents and another group of 20 from Abbotstown will act out a chapter in the early history of their community. Many others of the big cast will be selected from Gettysburg.

Casting of individuals in particular roles such as Lincoln, Stevens, Gettys and other prominent figures in the county history is being started and the selections will be announced later.

Executive Committee Meets
While the talent committee session was held in the court room, the Sesqui Executive committee was in session in its headquarters on the first floor of the court house with Chairman Leighton C. Taylor presiding.

Sydney Poppay, chairman of the Sesqui Queen contest and ticket committee, told the Executive group that reserved seat tickets and box seats, which will not be made available until August 28, will be ready sometime today.

The committee authorized the appointment of an auditing committee and Chairman Taylor named these bankers to that committee: Lloyd W. Kuhn, Bendersville, and George T. Raffensperger and Elmer W. War.

DR. J. ABERLY TALKS TO CLUB ABOUT KOREA

"The Koreans are determined to unite their country—the question is simply whether it is going to be united under communism or democracy," Dr. John Aberly, president-emeritus of the Gettysburg Lutheran Theological seminary, told the Rotary club at its meeting Monday evening at the YWCA.

Speaking from 33 years experience as a missionary in the Orient, Doctor Aberly declared that the prestige of the west began to decline in the east after the Russo-Japanese war. "In the history of Asia, the Russo-Japanese war will be considered a turning point. It demonstrated that an Asiatic people, the Japanese, could defeat a white nation, Russia. Students from all over the east went to Japan after the war of 1904-05 to find out how Japan did it," the retired seminary professor noted.

The attack by Japan in 1941 in a way resulted from the treatment of Japan at Versailles following World War I, Doctor Aberly noted. "After we opened Japan she turned into a western nation, copying our army, or navy, our machines and ideas. But one of the reasons Japan turned against us came at the end of World War I when she felt she was ready for an equal place in the community of nations, and it became evident at Versailles that the whites were not able to agree that the colored races could be equal to whites. Thus started World War II."

Mistake In Korea
Korea has a long history dating back to 2,000 years before Christ, Doctor Aberly noted, and "it is not a poor country. Approximately one-fifth of the world's gold is mined there, and there are great natural resources. But Korea for many years has not governed itself. The Russo-Japanese war was over Korea and after that from 1905 until the end of World War II Japan governed the Koreans."

"One of the reasons few Koreans like us is the fact that we came into Korea from Japan and they fear that we will turn them back to the Japanese."

Noting that "it is easy to see our past mistakes from our present knowledge," Doctor Aberly held that "one of our greatest errors was permitting the Russians to enter Berlin, when we could have gone ahead; and just as big a mistake was stopping at the 38th parallel in Korea, when we could have gone ahead."

Russia, he noted, immediately began to build up its part of Korea, to arm it and propagandize it. "But our problem was much greater. Korea still has not learned western ways. It has no tutelage in self government. It is easier to frame a constitution than to get people ready for a constitution. The hardest type of government is self-government. And so we had to move slowly in."

Fair Offers To Show Sesqui Parade Floats

The South Mountain fair, which opens Wednesday, September 6, will provide space for the display of floats which will have appeared on the preceding Saturday, September 2, in the county Sesquicentennial parade here. An area on the fair grounds near the section to be used by the horse show will be reserved for the Sesqui floats so that the fair grounds attendants may inspect the displays that are expected to appear in large numbers in the 150th anniversary parade which will be one of the highlights of the Sesqui celebration.

Persons or organizations wishing additional information on arrangements for floats at the fair should get in touch with LeRoy H. Winebrenner of the fair committee.

PLAN PREMIER OF CHURCH FILM AT FAIR GROUND

Final scenes of the United Lutheran church-Cathedral films production "For Good or Evil" were filmed Monday at Arendtville and the cast and crew for the motion picture left today for New York and Hollywood.

Henry Endress, of the department of stewardship of the ULCA and co-supervisor of the film, said the preview of the production will be held late in September at the South Mountain Fair grounds.

He plans to leave for Hollywood on Sunday to supervise the cutting and editing of the film, during which time background music will be provided for the scenes.

To Make 200 Prints
More than 200 prints of the film will be made and rushed to the various synods of the United Lutheran church to be shown to the more than 4,000 Lutheran congregations during October, November and December.

Prints of the picture are to be sent to each synodical secretary who will in turn place them on a "circuit" within the various conferences so that all congregations will have an opportunity to view the production.

Endress said that he and several members of the cast plan to be here for the premier if they can possibly do so. He added that seldom have the actors and technicians been treated as well as they have by the residents of Arendtville and Adams county. The most frequent comment made by the motion picture people is: "What more can these good people do? They've done everything for us," Endress observed.

WHITE HOUSE GROUP MAKES 3 PROPOSALS

Three recommendations were made by the Adams County White House Conference committee in its report to the state of the most important improvements needed in the county.

They were: Provision should be made for adult and youth education in the responsibilities and duties of the parent-child relationship; present facilities and services for the welfare of children and youth should be expanded and a planned recreational program should be developed for all communities in the county.

The recommendations were made in a report adopted by the executive group of the White House committee at a meeting Monday afternoon in the office of the county superintendent of schools.

Consolidate Reports
Preparation of the report, which will go to the Governor's White House committee, the state body, was made from reports of sub-committees presented to the entire group at a recent meeting. The governor's committee, made up of representatives from throughout the state, will correlate the reports from all 67 counties into the state's report at the national White House conference on Children and Youth to be held in December at Washington.

To implement its recommendation that subjects be taught dealing with the responsibilities and duties of parents toward their children, the county committee, in its report, announced plans to meet with the county school board to determine whether some adult night classes might be held, and whether some such instruction might be given in high schools.

Sub-committee reports on juvenile delinquency, child labor, welfare and health all noted that one of the great problems in the care of children is the lack of knowledge on the part of parents, and the irresponsibility shown by many parents toward their children.

To Suggest Classes
The committee, in its report, noted that it also plans to meet with the county ministerium to determine whether the churches might (Please Turn to Page 2)

Ranks Of "Brothers Of The Brush" Swell As Beards Grow

The rumor that there is a razor blade shortage was spiked today.

Donald A. Ulrich, executive secretary of the Adams County Sesquicentennial, said that those whiskery hazy behind which a number of faces are disappearing are not caused by any shortage in fine, honed steel, but by organization of the "Brothers of the Brush."

So far 18 countians have enrolled as "Brothers of the Brush" organization set up by the Sesquicentennial. They are pledged that no razor shall touch you chin until September 4. On that date will come the great unveiling.

While 18 have enrolled so far, many more than 18 beards, goatees, mustaches, and sideburns have begun to sprout on many countians as they permit the facial hair to grow freely.

Prizes Offered
Prizes totalling \$100 will be awarded the most luxuriant full-face beard, the blackest beard, the reddest beard, the best gray beard, the most typical old-time costume with matching beard and—a special award to the man who tried the hardest to raise whiskers and failed.

It is expected that all who are growing beards will appear at the Sesqui office in the court house in the near future to plunk down their 50 cents for the official badge proclaiming them a "Brother of the Brush" and thus eligible for prizes.

BIGLER WOMEN ARRANGE FOR HOBBY SHOW

Plans for a hobby show to be held in connection with the second "gathering" of Biglerville women August 9 are being arranged by the program, publicity and decorating committees set up for the event.

The "get-together" for Biglerville community women is the second in a series of such gatherings arranged since a town hall meeting in the borough indicated that most of the women in the borough and surrounding area preferred such activities.

The members of the three committees for the August 9 session will visit Biglerville women within the next few days to determine what they might have and care to show in the way of hobbies. At the same time all women in the Biglerville area outside the town were asked to bring their favorite hobbies to the show.

Expect Large Display
The exhibits for the show are to be placed in the community hall at Biglerville between 2 and 4 o'clock on the afternoon of August 9. Some members of the committee will be in the hall continuously from 2 o'clock until the time of meeting, 8 o'clock, to protect the articles.

It is believed that a large number of articles, ranging from crocheting to paintings will be in the display which will be part of the activities scheduled for the women's program.

All exhibitors were asked to place name tags bearing their names on the articles put in the display. Those who wish further information on the show are asked to contact Mrs. Orville Faust, chairman of the program committee, or Mrs. Richard Pink or Mrs. Clarence Seeman.

PUC OKAYS TWO NEW GAS LINES FOR THIS AREA

The Manufacturers Light and Heat company, Pittsburgh, was authorized by the Public Utility commission Monday to construct two natural gas transmission pipe lines to increase delivery capacity in York, Adams and Franklin counties.

The commission also authorized manufacturers to serve several landowners along the line in Penn township, York county.

The commission said the gas will be furnished only to those consumers along the route who have asked for it.

One eight-inch line will extend from a point on the company's East-West transmission system in Reading township, Adams county to a connection on its six-inch pipe in Penn township, York county, a distance of 12 miles.

A second 10-inch line will extend from a connection in Manchester township, York county, to the York County Gas company in York. That line will replace one to the York utility which is built in the turn of a main highway into the city and cannot be operated to meet peak needs without creating hazardous conditions, the commission said.

The company said the Penn township connection will increase capacity to Hanover, Waynesboro, Littlestown, Gettysburg and a number of other small communities in the York-Adams-Franklin area.

Cost of building the lines was estimated at \$398,000.

LIONS MAKING SESQUI PLANS

The Gettysburg Lions club will join with other Lions clubs in the district in entering a float in the Sesquicentennial parade and in marching as a unit, it was decided at a regular Lions club meeting Monday evening at the Trinity Reformed church.

Ticket books for "Freedom's Frontiers" were distributed to each Lion with the suggestion that he sell the tickets and thereby secure votes for Miss Mary Jane Svarnas for Adams County Sesquicentennial Queen. The Lions are one of the sponsoring organizations for Miss Svarnas.

George A. Albee gave a report of the auditing committee and national convention reports were heard from Samuel Daley, Glen Little, Kenneth Dengler, George Raffensperger and Radford H. Lippy.

Tokyo, Wednesday, Aug. 2 (P) — North Korean Red forces, exerting heavy pressure pushed to within 40 miles of Pusan, U.S. base in south-eastern Korea.

Fresh American troops were pouring ashore and moving up to the front. One unit was the fifth regimental combat team from Hawaii.

General MacArthur, in his Wednesday morning Korean summary, released at 12:35 a.m. (9:35 a.m. EST Tuesday) said the heavy Red pressure covered the southern front.

MacArthur's Summary

But the hardest blows came in the Kachang area, where the Communists were trying to break through to Taegu, South Korean emergency capital. They were about 32 miles southwest of Taegu.

A frontline dispatch from Don Whitehead, Associated Press correspondent in Korea, placed the Reds southern thrust 15 miles west of Masan, which is on the south coast 25 miles from Pusan.

The MacArthur summary, issued a few hours after the United Nations commander returned from Formosa to Tokyo, said UN troops were attacking the Reds around Yongdok on the east coast. U.S. pilots reported the Communists in positions 1,500 yards north of the wrecked city. "It is possible that friendly forces have again forced entry into that port city," MacArthur's summary said.

Gain 10 Miles

The MacArthur release described the front as running roughly from one mile south of Yongdok to seven miles northwest of Andong to 10 miles southwest of Sangju, one mile southeast of Kwanni, seven miles northeast of Chirne and six miles southeast of Chinju.

The summary spoke of slight UN troops withdrawals but said they were not forced and were made to prepared positions.

The push to near Masan in the south represented a gain of about 10 miles since Monday.

Report Marines Coming
Other Red thrusts were developing around Kachang and flaming Hypoheng in the southern sector and at Andong in the north. But no serious gains had been reported made at these three points.

The Reds apparently hoped to push United Nations troops off the Korean peninsula before sufficient arriving U.S. aid could reach them.

But hour by hour anxiously awaited American troops stepped ashore at a South Korean port. Some rushed to the front to brace battered American and South Koreans who have been shoved back for days by the Red hordes from the north.

These fresh troops included elements of the U.S. Second Infantry division, which landed Monday, and two following army units not otherwise identified. In addition, the main force of the U.S. First Marine division units was looked for by doughboys weary of retreating.

An advanced administrative unit of the marines has arrived in Korea from the United States to prepare for the oncoming Leatherneck fighting forces. But they had not been sighted in Korea at 10 p.m. (7 a.m. EST).

Enemy Losses "Frightful"
Pilots claimed the destruction of between 20 and 24 Communist vehicles. In addition B-26 pilots said they set four hangars afire near Pudea, eight miles southwest of Andong, in the south.

Enemy dead were reported piling up in front of American positions along the 160 mile land perimeter of the box-like front. A MacArthur spokesman said Red losses have been "frightful" and added "they are probably greater than we realize." The last official estimate of enemy casualties given at MacArthur's headquarters Monday was 37,500 dead and wounded.

The spokesman said the North Koreans have not lost their ability or will to keep driving and may keep the offensive even when their losses reach 40 per cent of

BULLETINS

Tokyo, August 1 (AP) — About 50 B-29 bombers struck with a new attack today on Hungnam, chemical and explosives center on North Korea's east coast. Explosions rocked the area, a Korean air release said, and "thick, greasy smoke" billowed up to 15,000 feet.

The target was the chemical and metal plant of the Chosen (Korean) Nitro Fertilizer company, two miles east of the plant hit hard by B-29s two days ago. The planes showered 400 tons of bombs on the plant on today's run.

Washington, August 1 (AP) — President Truman said today he has no objection to enactment of stand-by powers to control wages and prices, and to ration consumer goods. Mr. Truman set out his position in a letter to Senator Maybank (D-S.C.), chairman of the Senate Banking committee. That group is now working on controls legislation.

Washington, August 1 (AP) — President Truman told Congress today that world peace has been endangered by the Korean crisis and asked it to vote quickly \$4,000,000,000 of new money to arm anti-Communist allies. Speed in getting production of military equipment under way is imperative, the President said in a letter to House Speaker Rayburn (D-Tex.) formally asking for the money.

Washington, August 1 (AP) — Military leaders responsible for this country's development and purchase of tanks will be called before a special House Armed Service committee this week.

Chairman Vinson (D-Ga.) announced today, saying the full committee is "by no means satisfied" with the planning and spending being done by the armed forces.

Lake Success, August 1 (AP) — Russia made it clear today that she will discuss peace in Korea only after the United Nations has considered her renewed demands for seating Red China.

The Russian position was disclosed as Soviet Deputy Foreign Minister Jakob A. Malik prepared to end his seven-month boycott of the U. N. and assume the presidency of the Security Council when it meets at 2 p.m. (E.S.T.) today.

PLAN PREMIER

(Continued from Page 1)
Gettysburg, will be placed in Arendtsville in the near future, probably at the Arendtsville National bank, Endress said. Arrangements for placing the display are being made locally by Arnold Orner.

The film is the fifth to be produced by the Stewardship Guild of the United Lutheran church in conjunction with Cathedral films.

Endress noted: "The purpose of these films is to get people to practice the Christian faith by illustrating how that faith can be carried out in every day activities. We hope, by the films, to show how each man can do something about his faith, how his faith can be exemplified in his daily life. In the picture last year, the scene was a church college, showing how Christian colleges can bring Christianity to the curriculum and extra-curricular activities; the year before that the film showed what happens when a congregation gets serious about religion. The year before that we showed what happens when one man becomes serious about religion."

"This year's picture is a little unusual in that it analyzes what money is. It shows that since money is a result of an individual's labor, talent and industry, it actually represents part of his life to be used for good or for evil; to gain power, to gain security, or to help one's fellow man."

The report showed that the committee also plans to meet with the county commissioners to determine whether a permanent home for temporary care of children can be set up. The commissioners will also be asked to provide a secretary for the county probation officer to permit him to spend more time with juveniles under probation. Both of the plans came as a result of subcommittee suggestions.

Another planned activity is to meet with the county school board to determine whether nursery schools might be recommended as a desirable adjunct to the present school system.

To Urge "Family Programs"

The committee also plans to study the recreation set-up in Gettysburg and act as a promotion organization to seek to interest other county communities in setting up such programs, the report showed.

In its report the committee praised the county juvenile court, Adams County Rural Child Welfare services and the jointures established in the county for their excellent work.

Pittsburgh Faces Milk Price Fight

Pittsburgh, Aug. 1 (AP)—Housewives, farmers and dealers gathered here today for a tussle with the Milk Control commission. Dealers and farmers want the price raised. The men who produce the milk say the dealers aren't paying them enough for it.

Willis F. Daniels, Harrisburg counsel for the Pittsburgh Milk Dealers' association, said the dealers want a profit of \$3.50 on every \$100 worth of business. He said a raise of one cent a quart will give them this profit.

YANKS, TIGERS CLASH TONIGHT FOR 1ST PLACE

By JOE REICHLER

(Associated Press Sports Writer)

First place is the prize tonight as the rising New York Yankees and the slumping Detroit Tigers clash in the first of a "crucial" three game series.

A capacity crowd of 55,000 is expected at Briggs Stadium to watch the mound duel between Southpaw Tommy Byrne of the Yankees and Righthander Art Houtteman of the Tigers.

A Yankee victory would put Casey Stengel's men back at the top of the American League for the first time since June 9. It was on that day that the Tigers wrested the lead from New York. They have kept it for 51 days despite some trying times.

Byrne Unbeaten

Manager Stengel, confident of victory, is leading with his most effective pitcher against the Tigers in an effort to get the jump. Byrne has beaten the Bengals four times without a defeat this season and holds a lifetime 12-3 mark against them.

Houtteman, steady Tiger hurler, has a 3-2 mark against New York for the year. His lifetime mark is 8-5.

There were no games in the American League yesterday but the National league pitcher changed somewhat when the Boston Braves defeated the St. Louis Cardinals, 4-3, and the Chicago Cubs whipped the Brooklyn Dodgers, 8-5.

Walker Cooper's single off Tommy Glaviano's glove in the last of the ninth drove in Earl Torgeson with the run that gave Boston the victory and moved the Braves into second place past the Cardinals.

The Braves now trail the pace-setting Philadelphia Phils by three games. The Cards are three and a half games behind and the fourth place Dodgers lag by four and a half.

Spahn's 13th

Warren Spahn went the route for his 13th victory. He gave up six hits

and fanned four to increase his league leading strikeout total to 132.

Max Lanier was the loser.

The Cubs overcame a 5-1 deficit.

They tallied three times in the sixth to kazo starter Dan Bank-

head. Two straight hits finished

Chris Van Cuyk in the seventh. Rex

Barney relieved, gave up three bases

on balls and uncorked a wild pitch

to set up a four-run inning for Chi-

cago. That was the game.

Frank (Dutch) Hiller, who needed

help in the seventh, won his fifth

game, three over Brooklyn. Van

Cuyk was the loser.

50 YEARS AGO

Local Miscellany: The Bottling Works in the Third Ward, operated by John Kimpke, were entered some time last Tuesday night and \$30 taken from the safe. The thieves have not been detected yet. About half a case of beer was also drunk but the bottles were left behind.

The workers at the Gospel Workers Mission in this place were in Hanover several days last week selling their leaflets and holding meetings.

Gettys Lodge IOOF expects to fresco their lodge room shortly.

Marriages — Gallagher-Deardoff — July 30, in this place, by Rev. A. R. Steck, George W. Gallagher, of Miss Maude Estelle Deardoff, both of Franklin township.

Stocking Factory in New Hands: Sheriff Morrison today sold the machinery in the stocking factory in this place, operated by Oscar Reilly, to the Reliance Hosiery company, of New York City, for \$254. There was no stock on hand. The machinery was found to be greatly damaged by fire and water. Of the amount realized by the sale, \$136 will go to the employees who had brought suit for the wages due them.

Camping Parties: A party of Gettysburg young men are spending 15 days in camp at Dicks' Dam. The campers are Albert Minnigh, Harry Wible, Edward Weaver, George Pissel, Walter Ziegler, Robert Rupp, Harry Dougherty and Harry Cox. They have eight tents at their camp, "Camp Wide-awake."

Allen Dickson, Joseph Dickson, McCrea Dickson, George Wierman and Byron Horner, who have been camping at Knoxlyn for three weeks, returned home on Monday. The camp was called "Dickson."

The following Gettysburg young men are now camping on John Wiest's farm, near East Berlin: Warren Gilbert, Charles Shaffer, Norman Swartz, Charles Storer, Leander Martin, George Faber, Harry Gilbert and Charles Ramer. They expect to stay ten days.

Will Lose Rev. Mr. Alleman: Great regret was occasioned among the members of the College Lutheran church last week, when it was announced that their pastor, Rev. H. C. Alleman, has accepted a call to the Messiah Lutheran church, in Philadelphia. During his labors here, Rev. Mr. Alleman has endeared himself to his congregation. His sermons have always been interesting and full of Divine truths. In the minds of many of his parishioners, he will always be an ideal preacher; clear, logical, convincing and earnest, whose sermons were always full of the Gospel.

Conewago Pic-Nic: Between 3,500 and 4,000 persons were in attendance at the annual Conewago picnic which was held last Tuesday in the grove near Conewago Chapel. The net proceeds will amount to at least \$700.

Today's Talk

By GEORGE MATTHEW ADAMS

THE NIGHT IS FOR HUMILITY

The night is for gratitude, for an overhauling of the mind, for a spiritual appraisal in deep humility, and in recognition of our frail mortality. Closed in, like the falling of a dark curtain, we see no more of the day and its light. Silence under the stars is what we are bequeathed.

Beauty and its memories are transferred to the night, for silent meditation, and for a personal stock taking of the day's activities. We are more one with ourselves, as the night closes in upon us, than at any during the twenty-four hours of the full space of a day. One half of our world has ceased to toll. It's then that God walks noiselessly into our presence, to explain some of the mysteries of the day, give us counsel, and tell us not to fear.

Walk out into the night. Listen to its many whispers. Many of them are no more than echoes from the stars of the day. Select a favorite star to call your home, then resolve to shine before men as that star shines before all creation upon the earth.

What a closing in of space is this night of ours! We are most alone at such a time, and most dependent upon a Superior Power to give us untroubled rest and pleasant dreams. The night is no time for unpleasant happenings, no time for vain regrets but a time in which to tie to hope and faith.

The night gathers its brood to itself, as the hen its chicks, hovering about us all. Said Henry Beston, the New England poet and nature writer: "Learn to reverence the night and put away the vulgar fear of it, for, with the banishment of night from the experience of man, there vanishes as well a religious emotion, a poetic mood, which gives depth to the adventures of humanity."

The night is for humility and accord with the mysteries of the universe. A time for willing and complete surrender to the heavenly Father of us all, who gave us life and this earth and all that there is in it, for our adventurous good and enjoyment.

Tomorrow Mr. Adams will talk on the subject, "On Doing Good."

Just Folks

FLOWERS AND PEOPLE

The flowers are people in disguise. The orchids are the proud. So haughty they, of them I'd say: They scorn the common crowd. The single rose upon a stem Is beautiful to see, But every rose the garden grows Seems friendlier to me.

The sunflower tall of stature stands Adorned in bronze and gold. A daisy, he, who waits to see And welcome young or old. The little flowers are children gay. Some love to climb the wall, And there are those who, I suppose, Prefer to creep and crawl.

Oh, there is beauty that is rare And costly to maintain; But there is grace, thought common place.

Unspoiled by motives vain, And that may be why daisies grow Within the reach of all. Good neighbors they, who seem to say: "We're glad to have you call."

MACARTHUR TURNS DOWN CHINA OFFER

By SPENCER MOOSA

Taipei, Formosa, Aug. 1 (AP) — General MacArthur flew back to Japan today after war talks with Chiang Kai-shek that cheered up this island remnant of Nationalist China.

MacArthur turned down Chiang's renewed offer of 33,000 Nationalist troops to fight alongside United Nations forces in Korea.

"Such action at this time might so seriously jeopardize the defense of Formosa that it would be inadvisable," MacArthur said in a statement.

But MacArthur made a stern warning to Communist China, reported massed on the coast 100 miles west of Formosa for an attempted invasion of Formosa. "Such an attack would, in my opinion, stand little chance of success," the five-star general said.

Defense Plans Ready
MacArthur said plans have been made to coordinate U.S. and Chinese forces "to better meet any attack which a hostile force might be foolish enough to attempt."

U.S. warships, under President Truman's June 27 order to protect Formosa, are patrolling the strait between the island and Red China "in force."

MacArthur noted that "the policy has been enunciated that this island, including the Pescadores, is not under present circumstances subject to military invasion."

"It is my responsibility and firm purpose to enforce this decision," MacArthur said.

MacArthur, who had patted Chiang affectionately on the shoulder when he arrived here, praised the generalissimo's fighting spirit. "It has been a great pleasure for me to meet my old comrade-in-arms of the last war," MacArthur said. He added: "His indomitable determination to resist Communist domination arouses my sincere admiration. His determination parallels the common interest and purpose of Americans that all peoples in the Pacific area shall be free."

Then, just before MacArthur boarded his plane, the Bataan, at 11:15 a.m. Tuesday (9:15 p.m. EST, Monday) for Tokyo, he told Chiang: "Keep your chin up—we are going to win."

DUFF CANCELS PA'S CAMP PENN

Harrisburg, Aug. 1 (AP) — Gov. James H. Duff Monday cancelled Pennsylvania's summer camp for boys at the Indian Gap Military Reservation because of military commitments and uncertainty due to the Korean war crisis.

The summer camp, known as Camp Penn, was scheduled for August 15 to 29.

"The cancellation of this camp," Duff said in a statement, "is a great disappointment to the state authorities as well as to the boys but the military demands for the facilities of Indian Gap make it absolutely impossible at this time."

The camp was set up last year for the first time as an experiment by the Commonwealth in providing a camp for boys across the state who, otherwise, might not get a summer vacation.

COULD SMUGGLE BOMB INTO U.S.

Washington, Aug. 1 (AP) — If an atomic bomb were smuggled into this country crated in the hold of an enemy ship it could not be detected except by opening the crate, an atomic scientist said Monday.

He and other scientists declined to comment on the detection possibilities in the case of a smuggled-in hydrogen bomb.

APPLES—Mkt. adv. steady. Few sales; by bus. U.S. is unless otherwise stated. Transparent, Md., 2 1/2-in. up, few best, \$2.25; power, \$1.50; 2-in. up, ripe, \$1.125; Pa., 2 1/2-in. min., heavy scarring, \$1.50-1.75; W. Va., 2-in. up, \$2.
LIVE POULTRY—Practically no receipts. Few sales to quote prices.

Baltimore Livestock

CATTLE—Today's fresh cattle receipts nearly doubled the volume counted in the preceding period. In addition to the fresh arrivals there were approximately 200 head on sale that were held from last week. The salable supply included approximately 400 head of mixed and mostly steady loads of stock cattle; remainder of receipts comprised mainly of cows and bulls. About 25% of the slaughter steer run consisted of dry-fed offerings.

There was a fairly broad demand for dry-fed cattle and the few lots of these offerings cleared first. Prices of stock cattle sold were considered to about steady with last Thursday. The relatively small number of dry-fed cattle fell in the good and choice bracket and sold largely at \$11.25. Latter price was top and was paid for an individual choice 1,025-lb. steer. Most of the remainder of the good grade steers on grass offerings ranged \$7-11.25.

Supplies in the beef department again consisted almost entirely of old head offerings. Common and medium grades predominated; most sales were in the \$21-28 price range.

Buyers definitely tried to lower prices on cows but the supply compared with the demand was too small to permit accomplishing this. Prices of mixed and mostly steady loads of stock cattle, remainder of receipts comprised mainly of cows and bulls. About 25% of the slaughter steer run consisted of dry-fed offerings.

Trading in the stock cattle division was moderately active. Sales of calves and yearlings met a fairly active trade today and prices ruled mostly steady with last Friday except the top which was advanced. Bulk of the good and choice yearlings and slaughter calves selling around \$20 and less brought \$28-33 but the top was \$33.50. Common and medium grades including practically all weights scaled at \$21-28 and culled cleared in a range of \$14-21.

Calves—All weights and grades of calves and yearlings met a fairly active trade today and prices ruled mostly steady with last Friday except the top which was advanced. Bulk of the good and choice yearlings and slaughter calves selling around \$20 and less brought \$28-33 but the top was \$33.50. Common and medium grades including practically all weights scaled at \$21-28 and culled cleared in a range of \$14-21.

HOGS—Buyers entered the hog yards fairly early and made purchases on a mostly steady basis compared with last Friday including barrows, gilts and sows. The extreme top of \$26.25 was paid for a few small lots of mostly choice 180-220-lb. barrows and gilts but bulk of the good and choice offerings in this weight range brought \$22.50-26, largely \$26. Kinders scaling 225-250 lbs. cleared at \$25-25.50; 240-260 lbs., \$24.50-25; 260-300 lbs., \$23.25-23.75. Over 300-lb. weights were scarce and sold downward from \$25 depending on weight and condition. Lighter weights in the 120-140-lb. class brought \$21.75-22; 140-160 lbs., \$23.25-23.50; 160-180 lbs., \$23-23.25.

A few choice sows scaling around 350 lbs. and less cleared \$19.75 and \$20 but most of the good and choice under 400-lb. weights moved seaward at \$19.25-19.50. Good grade 400-450-lb. kinders scaled at \$18-18.50; heavier weights, \$17.50 down. Sows sold \$22-24 and the price of the same weight sows and garbage-fed hogs were discounted \$1.50-2 from the price paid for the same weight grainfeds.

Sheep—The lamb and ewe run was late in arriving but demand was sufficiently broad to keep the receipts sold about as they arrived with prices unchanged compared with last Friday. Good and choice 70-82-lb. spring lambs bulked at \$28-29, latter price top. A few lots of medium and good grade offerings scaling 70-82 lbs. scored \$25-26. Old head choice shorn slaughter ewes brought the top quotation of \$9 but mixed medium and good offerings were somewhat stronger at \$8.50.

Special awards were made to Mr. and Mrs. Ralph Keffer for the largest family; to Philip Redding, son of Mr. and Mrs. Francis Redding, for being the youngest child present; to Mrs. Genevieve Price, for being the oldest lady graduate present; to Mr. and Mrs. Stewart Baumgardner for being the most recently married couple; to Mr. and Mrs. Clarence Overbaugh for being the longest married couple and to Wilton Hesson for the alumni member traveling the greatest distance to attend.

LEOPOLD TO QUIT THRONE

Brussels, Belgium, August 1 (AP)—King Leopold III bowed to the threat of civil war today and offered a slow-motion abdication which threw the thorny royal question back into the lap of Parliament.

Peace-minded Belgians hoped the King's offer would ease the critical tension which had mounted in recent weeks. Many Brussels citizens feared, though, that Socialist leaders of the anti-Leopold movement might not be able to control their forces.

Leopold, in a broadcast statement early today, said he would ask Parliament to vote a delegation of his powers to his son, 19-year-old Prince Baudouin. Leopold would remain King in name only.

The King implied a promise of abdication with these words: "This attribution of royal powers to Prince Baudouin seems to me a necessary step towards the solution which ought to clear the way for accession of the crown prince to the throne when he reaches his civil majority (at 21) if, as I hope and desire, the reconciliation promised about my son takes place."

Baudouin will be 21 on September 7, 1951.

Some anti-Leopold Socialists termed the King's offer "satisfactory." However, the trade union federation, which had sponsored widespread strikes demanding abdication, called for its regional

our section of Korea.

"For two years we attempted to get along with the Communists in Korea, to establish a government for all of that nation. After two years of failure the southern Koreans, under United Nations mandate, went ahead and formed a government."

"But the thing we must not forget is that the southern government contained not only rightists, but Communists as well. I fear many of the guerrillas infiltrating behind our lines are southern Koreans who are Communists."

"Despite all, I feel a little pessimistic about the whole situation. Instead of helping the people of Korea secure self government we find ourselves in a position where we must make that nation, which once was believed to be the farthest advanced of any eastern nation toward becoming a Christian nation into a battleground."

Dr. Kenneth Smoke, president of the Rotary club, presided with 45 present. He appointed James S. Cairns, Dr. Roy W. Gifford, Frederic E. Griest, John A. Hauser, Walter B. Lane, Dr. Granville R. Schultz, Edmund W. Thomas and Dr. Bruce N. Wolff as a special finance committee. Miss Nancy Teeter, candidate of the club for Sesqui-centennial queen, spoke to the group on the sale of tickets for the Sesqui program.

To Complete Parade Plans.

Dr. Harvey D. Hoover, chairman of the Special Events division, announced that the Parade committee will complete its plans at a meeting this evening at 8 o'clock at the court house. Traffic plans also will be worked out at the meeting.

The committee authorized the signing of a contract with Pazzoni Brothers Fireworks company of New Castle for an \$800 display of fireworks to climax each presentation of the pageant.

Dr. Robert Portenbaugh of the History committee and Fred G. Pfeiffer said the pageant script has been received and said that some changes are being made before rehearsals begin.

The committee added a \$40 first and \$20 second prize to the list of premiums being offered in the Sesqui parade. The new awards, which bring the total parade premiums to \$1,260, will be for novelty units in the parade.

ASK ALLIES TO GIVE U.S. AID

Washington, Aug. 1 (AP)—U. S. Allies, apparently ticketed for another \$4,000,000,000 in arms aid, had sharp notice from the Senate today that the time has come to stand up and be counted in the fight against communism.

With the support of administration leaders, the Senate yesterday wrote into the \$34,765,000,000 one-package appropriations bill power for President Truman to cut off economic recovery funds from any country that refuses help for the United Nations' fight in Korea.

The lawmakers took that action shortly after getting word that Mr. Truman was preparing to request an additional \$4,000,000,000 for rearming western Europe.

While there was every indication of swift approval for that request, it came amid rising demands for arms and other aid to nations outside the Atlantic pact as well.

Along that line, Senators prepared for a vote today on an effort by Senator McCarran (D-Nev.) to earmark \$100,000,000 in recovery funds for a loan to Spain.

McCarran's amendment was subject to attack on the point of order that it attempted to write policy into a money bill. But if it escaped ejection on that score, one administration lieutenant said it seemed in line for adoption.

Williamsport, Pa., Aug. 1 (AP)—James Nichols, Endicott, N. Y., motorist, is in Lycoming county jail today, charged with two counts of manslaughter and one of drunken driving.

State Trooper John A. Ricketts filed the charges yesterday when Fred Smith, 14, of Muncy, died in Williamsport hospital, after being struck Sunday night by Nichols' car on U. S. Route 220 near here.

Some of the strange sandstone spires in northwestern New Mexico are as tall as a 20-story skyscraper.

Only the U. S., Chile and Canada surpass the Katanga region of Belgian Congo as copper producers.

SAVE NOW AT LINCOLN SQUARE

Around September there will be clothes to buy, books to buy, and a lot of other expenses which can hardly be provided for out of September income.

However, by a little forethought and by regular saving, starting now, you will have a better chance to meet these expenses.

The secret of thrift for any purpose is to look ahead. It is the way to get ahead. The records at the First National Bank of Gettysburg over many years prove the truth of this.
